Permanent Residency or Citizenship - The Global Citizen Way

Global Mobility Many passports are quite restrictive in their visa-free mobility, forcing citizens to obtain visas whenever they need to travel abroad. Permanent residency can offer individuals from these countries increased global mobility. The difference in global mobility equals an incredible amount of time saved filing visa applications and is priceless to business people the world over.

Business New business opportunities open up to participants in residency by investment programs as they can now do business in the host country as well as travel abroad more freely.

Tax Management may prove advantageous for tax optimization purposes. This allows investors to manage their wealth more efficiently and effectively.

Family Most programmes are available to the family members of the main applicant. This means that investors can secure a better future for their spouse and children. It also offers access to world-class health care, education and an improved lifestyle.

Education is the foundation of a successful life as a global citizen. Investing in a suitable programme can open up access to the best schools in the world for applicants and their children by qualifying them for domestic rather than international tuition fees.

Security in a stable, peaceful country can be life-saving in the event of any kind of political unrest in one's home country. This type of insurance is priceless for investors and their families.

Explore the various options in countries across the world and reach out to us to empower you and your family to become global citizens by investing in appropriate second residency or citizenship programme.
